

Description

Sports-Cote™ GMC Platinum is a super-concentrated water-based paint designed for application to natural grass and shale sports surfaces.

Sports-Cote™ GMC Platinum is formulated using acrylic resin technology which provides for optimum adhesion and a highly durable line irrespective of climatic conditions. **Sports-Cote™ GMC Platinum's** brilliant pigmentation also ensures an intensely visible line throughout its service life.

Uses

Sports-Cote™ GMC Platinum is used to line mark activity areas on natural grass and shale sports surfaces.

Sports-Cote™ GMC Platinum's acrylic resin content ensures optimum adhesion, durability and colour stability. Its free-flowing formulation makes for a quick and easy dilution in water, with the paint being applied by any suitable line marking machine.

Sports-Cote™ GMC Platinum can also be used as a base to mark different coloured lines.

Application

Sports-Cote™ GMC Platinum can be applied by any suitable spray or transfer-wheel machine (contact our Technical Services Department). Line marking machines can be cleaned with **Sports-Cote™ GMC Powerflush** (see the **Sports-Cote™ GMC Powerflush** Technical Data Sheet).

Application Conditions

Sports-Cote™ GMC Platinum should only be applied in fine, dry weather and when these conditions are likely to prevail for 1-2 hours following application.

Recommended Dilution Rates

For initial marking:

1 part **Sports-Cote™ GMC Platinum**
to 3 parts water

For over marking:

1 part **Sports-Cote™ GMC Platinum**
to 6 parts water

Note: The dilution of the concentrate at the point of application is under the control of the user and may be adjusted to suit the condition of the surface.

Drying Time

Approx. 30 minutes at 20°C.

Note: drying time is dependent on surface dampness, ambient temperature and relative humidity levels. If applied to a damp surface, at temperatures below 20°C or in cool, damp air, drying times will be extended.

Colouration

Using **Sports-Cote™ GMC Colourants** (see the **Sports-Cote™ GMC Colourants' Technical Data Sheet**), **Sports-Cote™ GMC Platinum** can be used to mark lines in the following colours: red, yellow, blue and green.

Packaging

12.5 litre jerricans.

Shelf Life

Sports-Cote™ GMC Platinum has a shelf life of approximately 6 months in original, unopened packaging.

Storage

Store above 5°C in an environment safe from frost.

Health & Safety

Sports-Cote™ GMC Platinum is a water-based paint, making it relatively safe to use and minimising the risk of environmental impact from its usage. For more detailed information please refer to **Sports-Cote™ GMC Platinum's** current Material Safety Data Sheet.

Further Information

To ensure you are specifying or applying a fit for purpose line paint please contact our Technical Services Department.
