

Sports-Cote™ Sports-Line Acrylic is applied using airless spray unit, brush or medium pile roller

WATER-BASED LINE MARKING PAINT FOR POROUS MACADAM TENNIS & NETBALL COURTS

Sports-Cote™ Sports-Line Acrylic is a single pack water-based paint designed for application to porous macadam and porous coated macadam tennis and netball courts.

The acrylic resin technology is environmentally friendly and provides the necessary player/surface interaction required by current standards for netball and tennis.

Sports-Cote™ Sports-Line Acrylic has the following features:

- Water-based and environmentally friendly
- Provides the necessary slip resistance
- UV resistant
- Outstanding colour retention
- Weather resistant when dry
- Acrylic resin binder to give better adhesion and a long lasting line
- May be used in any suitable airless spray machine
- May be applied by brush or roller
- May be thinned with water up to 10% by volume

Sports-Cote™ Sports-Line Acrylic is intended for use on coated and uncoated porous macadam tennis or netball court surfaces. Two coats are required. The second coat must only be applied after the first coat is completely dry.

In situations where **Sports-Cote™ Sports-Line Acrylic** is used to line mark either **Sports-Cote™ Premium** or **Sports-Cote™ Excel**, ensure that their second coats are touch dry before undertaking this.
